

LIST OF EQUIPMENT AND TECHNOLOGY EXHIBITED

CLASSIFIED PRODUCT LISTING

EQUIPMENT FOR THE PREPARATION AND TREATMENT OF MATERIALS

1.1 MACHINES AND EQUIPMENT FOR INDUSTRIES HANDLING CEMENT, LIME, GYPSUM, SAND, CLAY, GRAVEL AND CRUSHED STONE

- A0040 Crushing and screening facilities (mobile)
- A0030 Crushing and screening facilities (stationary)
- A0060 Full-scale installations for industries handling cement, lime, gypsum, trass and chalk
- A0050 Full-scale installations for industries handling clay, sand, gravel and crushed stone

A0070 **CRUSHERS**

- A0120 Boring crushers
- A0110 Giratory crushers
- A0100 Impact crushers
- A0090 Jaw crushers
- A0080 Roll crushers

A0130 **GRINDERS**

- A0140 Cone-type grinders
- A0180 Grinders with revolving bed plate
- A0160 Hammer grinders
- A0170 Impact grinders
- A0150 Roller grinders
- A0200 Tube grinders
- A0190 Vibrating grinding mills

A0210 **SCREENING EQUIPMENT**

- A0250 Circular-vibrating screens
- A0290 Core extractors/scrapper chain feeder
- A0270 Eccentrically-vibrating screens
- A0230 Electromagnetic screens

ICEA

- A0300 Fittings for crushers, grinders and screens
- A0240 Free-vibrating screens
- A0280 Linear vibrating screens
- A0260 Resonance screens and elliptically-vibrating screens
- A0220 Scrapper chain conveyors

A0310 **EQUIPMENT FOR INDUSTRIES HANDLING CEMENT, LIME, GYPSUM, SAND, CLAY, GRAVEL AND CRUSHED STONE**

- A0350 Dedusting facilities
- A0390 Drying plant for stonework and earthwork industries

- A0330 Hydraulic settling tank
- A0400 Silos for rock and gravel
- A0360 Spreaders/stackers and reclaimers
- A0320 Thickener settling tank
- A0340 Unplugging and cleaning of silos and hoppers
- A0370 Vibrating drying screen
- A0380 Washing facilities for sand and gravel, etc.

ICEA

- A0410 Accessories for machines and equipment used in industries handling cement, lime, gypsum, sand, clay, gravel and crushed stone

1.2 MACHINES AND EQUIPMENT USED IN THE THE PRODUCTION OF CEMENT-, LIME - OR GYPSUM-BOUND PREFABRICATED ELEMENTS AND BUILDING MATERIALS

- A0560 Asbestos cement, polymer-enhanced concrete, asphalt-based wall elements and prefabricated elements (machines and equipment for the manufacturing of)

- A0670 Automatic transport systems

- A0520 Batteries of formwork

- A0510 Binding and shrink-packaging machines

- A0470 Cellular concrete blocks, tiles and elements (machines and equipment for the manufacturing of)

- A0460 Concrete blocks (machines and equipment for the manufacturing of)

- A0490 Concrete curb-making machines

- A0710 Concrete pipe-making machines

- A0700 Concrete roof tile-making machines

- A0590 Concrete step-making machines

- A0630 Concrete tile presses

- A0570 Dies for prestressed concrete beams and tiles

- A0720 Feeding vehicles for concrete block machines

- A0430 Grabs and loading devices

- A0620 Insulation panels, lightweight gypsum panels, gypsum panels, mineral fiber panels, synthetic and stiff foam panels (machines and equipment for the manufacturing of)

- A0440 Large-sized prefabricated concrete elements (facilities for the production of)

- A0540 Laying concrete tiles (machines for)

- A0480 Lightweight concrete blocks, tiles and elements (machines and equipment for the manufacturing of)

- A0600 Molds for the concrete block industry

- A0550 Packaging machines, strapping

- A0610 Pallets

- A0530 Polymer concrete casting machines

- A0690 Prefabricated concrete elements (facilities for the manufacturing of)

- A0450 Prestressed prefabricated concrete elements (facilities for the production of)

- A0580 Scrubbing machines for concrete tiles

- A0500 Siliceous limestone blocks (machines and equipment for the manufacturing of)

- A0660 Tilting tables for prefabricated concrete elements

- A0680 Transportation equipment for the concrete block industry

- A0640 Turntable machines

- A0650 Vibrating table machines

ICEA

- A0730 Accessories for machines and equipment used in the production of cement-, lime- or gypsum-bound prefabricated elements and building materials

1.3 MACHINES, FACILITIES AND EQUIPMENT FOR THE QUARRYING OF NATURAL STONE, THE PROCESSING OF NATURAL AND ARTIFICIAL STONE AND FOR FINISHING WORK ON BUILDING SITES

- A0750 Cable machines and cables set with diamonds

- A0890 Chain saws

- A0900 Circular saws and other saws

- A0780 Core drilling rigs

- A0800 Cutting machines

- A0820 Diamond-equipped tools

- A0870 Floor saws

- A0850 Grinding and polishing machines and equipment

- A0860 Grinding, sanding, polishing, scouring, planing and grouting (turning machines for)

- A0790 Milling machines

- A0910 Other machines for finishing work in construction

- A0920 Other stone processing machines and tools

- A0840 Spackling machines for artificial stone slabs

- A0830 Stone-boring machines

- A0810 Stonecutting saws

- A0760 Stone-splitting machines and tools

- A0770 Tile- and slab-cutting machines and devices

- A0880 Wall saws

ICEA

- A0930 Accessories for machines, facilities and equipment used in the quarrying of natural stone, the processing of natural and artificial stone and in finishing work on construction sites

1.4 MACHINES AND EQUIPMENT FOR THE PRODUCTION, TRANSPORT, HANDLING, CONVEYANCE AND COMPACTION OF CONCRETE AND MORTAR

A0950 **CONCRETE AND MORTAR PREPARATION**

- A1030 Compulsory mixers

- A0970 Concrete mixers, automatic concrete mixers

- A0960 Continuous concrete preparation and fabrication facilities

- A1010 Dosing and weighing equipment

- A0990 Facilities for the preparation and production of concrete, with horizontal aggregate storage

- A1000 Facilities for the preparation and production of concrete, with vertical aggregate storage

- A1020 Gravity mixers

- A1040 Hand-guided scrapers and other scraping equipment

- A0980 Mobile concrete preparation and mixing facilities

- A1050 Silos for cement and aggregates

A1060 **CONCRETE HAULING, CONCRETE AND MORTAR HANDLING, CONCRETE COMPACTION**

- A1070 Concrete and mortar buckets

	A1140	Concrete handling carts
	A1190	Concrete handling equipment
	A1110	Concrete injectors
	A1160	Concrete pumps
	A1150	Distributor booms
	A1210	External vibrators
	A1220	Internal vibrators
	A1080	Mobile concrete mixers
	A1170	Mortar pumps
	A1090	Plastering machines
	A1200	Power trowels and smoothers
	A1180	Sealing mixers and pumps
	A1100	Smoothing iron, vibrating beam
	A1130	Washing facilities for residual concrete
	A1120	Wet and dry concrete spraying plant
ICEA	A1230	Accessories for machines and equipment used in the production, transport, conveyance and compaction of concrete and mortar
	A1240	MACHINES FOR BENDING, ROLLING, CUTTING AND WELDING RODS FOR REINFORCED CONCRETE
	A1250	Automated rollers
	A1300	Bending facilities
	A1310	Bending machines
	A1320	Bending the latticework (machines for)
	A1330	Bending, rolling, cutting and welding rods for reinforced concrete (other machines for)
	A1280	Cutting machines
	A1290	Cutting the latticework (machines for)
	A1270	Mobile cutting facilities
	A1260	Stationary cutting facilities
	A1340	Welding reinforced concrete (machines for)
ICEA	A1350	Accessories for machines used in bending, rolling, cutting and welding rods for reinforced concrete

MACHINES, EQUIPMENT AND TOOLS FOR ALL WORK SITES

2.1 MACHINES AND EQUIPMENT FOR EARTHMOVING WORK

	B1410	Backhoe loaders
	B1530	Bucket chain excavators
	B1480	Bucket dredgers
	B1400	Compact loaders
	B1380	Crawler dozers
	B1430	Crawler loaders
	B1610	Crawler-mounted hydraulic excavators
	B1450	Crawler-mounted scrapers
	B1500	Floating dredgers
	B1490	Grab dredgers
	B1470	Line-dredge
	B1520	Machines and tools for earthmoving equipment (clearing dozers, rock-breakers, demolition hammers, etc.)
	B1560	Mini-excavators
	B1570	Motor graders
	B1580	Rope-operated, crawler-mounted excavators
	B1590	Rope-operated, wheel-mounted excavators
	B1600	Spider shovels
	B1420	Steer skid loaders
	B1510	Suction dredgers and suction-cutter dredgers
	B1630	Telescopic excavators
	B1540	Trench excavators and trench cutters
	B1550	Wheel bucket excavators
	B1390	Wheeled dozers
	B1440	Wheeled loaders
	B1620	Wheel-mounted hydraulic excavators
	B1460	Wheel-mounted scrapers
ICEA	B1640	Accessories for earthmoving machines and equipment

2.2 COMPACTION EQUIPMENT FOR EARTHMOVING WORK AND ROAD CONSTRUCTION

	B1660	STATIC ROLLERS
	B1670	Smooth-wheeled static rollers
	B1690	Static rollers (other)

	B1680	Static tamping rollers
	B1700	VIBRATING ROLLERS
	B1720	Smooth-wheeled vibrating rollers
	B1710	Trench vibrating rollers
	B1740	Vibrating rollers (other)
	B1730	Vibrating tamping rollers
	B1750	MIXED ROLLERS
	B1760	MULTI-TIRED COMPACTORS
	B1770	COMPACTION EQUIPMENT (OTHER)
	B1780	Tampers / rammers
	B1800	Trench rollers
	B1790	Vibratory plates
ICEA	B1810	Accessories for compaction machines and equipment used in earthmoving work and road construction

2.3 DRILLING, PILING AND EXTRACTING EQUIPMENT, DUCT AND PIPELAYING EQUIPMENT AND SYSTEMS

	B1970	Anchoring tie rods (equipment for)
	B1850	Bentonite sludge (equipment used in the preparation and processing of), sand removal
ICEA	B2060	Boards and props
	B2070	Cable laying plant and tools
	B1870	Core-drilling machines
ICEA	B2020	Drilling and impact hammers
	B1930	Drilling and injection equipment
	B1910	Drilling equipment
	B1950	Drilling equipment for driving posts and masts
	B1960	Drilling equipment for foundation piles
ICEA	B2110	Drilling shafts and tools, augers, buckets, soil sampling equipment, etc.
ICEA	B2010	Gully-hole ring lifters
ICEA	B2080	Hydraulic and pneumatic pipe jacking
	B1990	Mobile drills
	B1830	Piling and extracting equipment
	B1890	Pipe- and cable-detection equipment
	B1980	Pneumatic drills
	B2090	Restoring and cleaning old pipes (machines for)
	B2030	Small-sized tunnel-boring machines
ICEA	B2040	Steel sheet piling
	B1940	Suction-drilling equipment
ICEA	B2100	Test boring for prospection (equipment used in)
	B2050	Trench sheet piling
	B1900	Trench shields
	B1880	Trench struts
	B1840	Trench-digging equipment
	B1860	Trenches (equipment used in the building of)
	B2000	Water-cutting and wall-molding equipment
	B1920	Well-drilling equipment
ICEA	B2120	Accessories for drilling, boring, piling and extracting equipment used in trench-building

2.4 MATERIAL HANDLING AND LIFTING EQUIPMENT AND MACHINERY

	B2310	All-purpose cranes
	B2220	Belt conveyors
	B2460	Belt conveyors, scales
	B2380	Blocks/tackles and electric pulls
	B2230	Bucket elevators
	B2240	Bucket elevators
ICEA	B2480	Builder's winches
	B2140	Construction site equipment hoists
	B2150	Construction site passenger lifts
	B2160	Conveyor belt-type scales
	B2280	Cranes mounted on truck chassis
	B2300	Crawler cranes
	B2450	Elevating conveyors, stackers
	B2200	Forklifts
	B2290	Frame cranes
	B2320	Gantry-lifting trucks
	B2180	Grabbers for cranes
	B2350	Hoists, skips
	B2330	Hydraulic lifting and transporting equipment
	B2340	Materials elevator
	B2270	Mobile cranes
	B2420	Oscillating and vibrating conveyors for materials
ICEA	B2490	Passages for cranes, gantries and transport equipment

	B2440	Pneumatic conveyor installations
	B2390	Rack-working platforms
ICEA	B2410	Rollers
ICEA	B2430	Security systems for lifting equipment, load control devices
	B2360	Self-propelled cradles and platforms
	B2260	Self-propelled cranes
ICEA	B2170	Strips, belts and straps
	B2250	Tower cranes
	B2400	Traveling gantries
	B2370	Truck-mounted platforms
	B2210	Variable-reach lifting trucks (telescopic)
	B2190	Wheelbarrows and handcarts
	B2470	Worm screw conveyor
ICEA	B2500	Accessories for lifting and handling equipment

2.5 FORMWORK AND SCAFFOLDING

ICEA	B2570	Cleaning systems for formwork
	B2540	Formwork (other types of)
	B2590	Formwork systems
	B2580	Protective working platforms
	B2550	Scaffolding
	B2560	Shoring equipment
	B2520	Slab formwork
	B2530	Wall formwork
ICEA	B2600	Accessories for formwork and scaffolding

2.6 WORK SITE PUMPS

ICEA	B2660	High-pressure pumps, washing, high-pressure jets
ICEA	B2650	Low-pressure pumps - waste or polluted water
ICEA	B2630	Pumps with electric motors
ICEA	B2640	Pumps with gas-powered motors
ICEA	B2620	Sediment and diaphragm pumps
	B2680	Strip-cutting equipment
ICEA	B2670	Submerged or submersible pumps

2.7 CONSTRUCTION VEHICLES

	B2840	Articulated dumpsters
	B2740	Dump trucks
	B2700	Dumpsters
	B2790	Heavy-load trailers
	B2710	Lift-tipper trucks
	B2800	Low-load trailers
	B2770	Plastic tanks for heating oil or petrol
	B2850	Rigid dumpsters
	B2730	Roll-off tipper
	B2820	Semi-trailers
	B2830	Silos
ICEA	B2780	Special equipment fit-out
	B2880	Special vehicles
	B2760	Tanker trucks
	B2720	Three-sided dumpsters
	B2870	Tractors
	B2860	Tractors for semi-trailers
	B2810	Trailers (other)
	B2750	Truck chassis for mounting special equipment
ICEA	B2890	Accessories for construction vehicles

MACHINES AND EQUIPMENT FOR SPECIALIZED WORK SITES

3.1 SPECIAL TUNNELING AND GALLERY BORING EQUIPMENT

	C2930	Anchors
	C2940	Blade shields
	C2960	Drilling carriage cars
	C2920	Full-face cutting machines (TBM's)
	C3010	Gallery and tunnel lining
ICEA	C2970	Jacking, vertical and inclined thrust equipment
	C2990	Light rail motor tractors or dollies
	C3000	Multi-purpose remote-controlled robots
	C2980	Scrubbers
	C2910	Selective cutting machines (roadheaders)
	C3020	Transportation and conveyance systems
	C3030	Tunnel-boring machines

- C2950 Tunneling shields
- C3040 Ventilating and dedusting equipment
- ICEA** C3050 Accessories for tunneling and gallery construction equipment

3.2 TRENCHERS, UNDERGROUND CABLE-LAYING AND PIPE-LAYING EQUIPMENT, DRAINAGE EQUIPMENT

- C3070 Directional drilling equipment
- C3080 Drain installation machines
- C3090 Trench-digging machines
- ICEA** C3100 Accessories for trenchers, underground cable-laying and pipe-laying equipment and drainage equipment

3.3 MACHINES AND EQUIPMENT FOR THE BUILDING OF CONCRETE AND BITUMEN (ASPHALT) ROADWAYS AND CANALS, AND FOR ROADWAY MAINTENANCE AND GROUTING WORK

- C3200 Asphalt (coating) finishers
- C3220 Asphalt and bitumen melting equipment
- C3160 Asphalt heating containers
- C3330 Asphalt surface recycling machines
- C3320 Asphalt surface reformers
- C3360 Binder sprayers
- C3260 Chipping spreaders
- C3300 Concrete curb-making machines
- C3210 Concrete paver finishers (sliding formwork)
- C3390 Concrete separators
- C3240 Gas (infrared) heating equipment
- C3250 Guardrail fixing plant
- C3370 Heated bitumen storage tanks
- C3120 Isothermal covers for asphalt
- C3180 Joint cutters
- C3280 Joint-cleaning and joint-sealing machines
- C3340 Milling waste recycling plant
- C3150 Mobile asphalt plants
- C3290 Patching truck
- C3380 Pavement surface breakers
- C3310 Pavement-laying machines
- C3230 Road grooving machines
- C3270 Road marking machines
- C3350 Road material spreaders
- C3190 Road side maintenance machines
- C3170 Slurry machines
- C3410 Snow and ice clearing machines
- C3400 Soil-stabilizing machines
- C3140 Stationary asphalt plants
- C3130 Sweeping machines
- ICEA** C3420 Accessories for machines and equipment used in the building of concrete and asphalt roads, road maintenance work and in soil stabilization
- C3430 **MATERIAL STABILIZATION MACHINES**
- C3440 Bitumen-gravel mixing units
- C3450 Cement-gravel mixing units
- C3460 Emulsion mixing units
- C3470 **BINDER PRODUCTION PLANTS**
- C3480 Emulsion plants
- C3490 Modified bitumen plants

3.4 RAILROAD TRACK-LAYING MACHINES

- C3530 Hy-rail excavators
- C3550 Passages for cranes and gantries
- C3540 Railroad ties
- C3520 Shunting engines
- C3510 Track switching and "Californian" systems
- C3560 Various trucks

SURVEYING, MEASUREMENT AND CONTROL EQUIPMENT, COMPUTING SYSTEMS & NEW TECHNOLOGIES

4.1 AUTOMATIC CONTROL SYSTEMS

- ICEA** D3620 Automatic control systems for asphalt coating plants

- ICEA** D3630 Automatic control systems for bitumen plants
- ICEA** D3640 Automatic control systems for emulsion plants
- ICEA** D3610 Automatic control systems for gravel-sand mixing plants
- ICEA** D3590 Automatic control systems for quarrying facilities
- ICEA** D3600 Automatic devices for concrete mixing plants
- ICEA** D3670 Control technology
- ICEA** D3580 Industrial output and preliminary output devices
- ICEA** D3650 Industrial sensors
- ICEA** D3660 Instrumentation and sensors

4.2 SURVEYING

- D3690 Laser surveying equipment
- D3700 Geotechnics equipment
- D3710 Surveying equipment
- D3720 Surveying software

4.3 TESTING AND MEASURING EQUIPMENT OF BUILDING MATERIALS

- D3760 Building material scales
- D3770 Concrete testing devices
- D3780 Laboratory instruments
- D3750 Leak testing equipment
- D3790 Measuring devices for concrete production
- D3820 Sampling facilities
- D3810 Testing presses for concrete products
- D3800 Vehicle scales
- D3740 Weighing and proportioning equipment

4.4 COMPUTING SYSTEMS AND NEW TECHNOLOGIES

- D3840 **BUSINESS / SITE INFORMATION TECHNOLOGY AND NEW TECHNOLOGIES**
- D3880 Computation software for the construction industry
- D3870 Computerised management systems for public works plant and handling agents
- D3860 Computerized construction project management systems
- D3850 Engineering office equipment
- D3910 Radio equipment for building sites
- D3900 Software solutions for systems engineering and training
- D3890 Supervision software
- D3920 **COMPUTERISED SYSTEMS AND NEW TECHNOLOGIES FOR PLANT**
- ICEA** D3960 Drilling and test boring software
- ICEA** D3930 Guidance systems (GPS, etc.)
- ICEA** D3950 Mechanical and electrical design software
- ICEA** D3990 Shuttering planning software
- ICEA** D3980 Software for security systems
- ICEA** D3970 Software for weighing operations
- ICEA** D3940 Vehicle guidance techniques

COMPONENTS, EQUIPMENT, ACCESSORIES AND MISCELLANEOUS ITEMS

5.1 EQUIPMENT AND TOOLS FOR CONSTRUCTION SITES

- E4110 Automatic saw-sharpening equipment
- E4160 Bolt cutters
- E4180 Bolt fasteners
- E4320 Bolting/sealing guns
- E4400 Bolt-welding equipment
- E4190 Distribution panels, electrical cupboards and cases
- E4360 Drying/Desiccating equipment
- E4310 Electrical tools
- E4330 Fuel pumps for vehicles
- E4290 Grinding disks
- E4300 High-pressure steam cleaners
- E4200 Ladders
- E4420 Lavatories (portable) for building sites

- E4210 Lighting and signalling for site, lifting and handling vehicles
- E4280 Lighting masts
- E4270 Marking devices
- E4250 Mobile and stationary halls
- E4410 Mobile lighting towers
- E4150 Modular construction
- E4170 Pipe-cutting equipment
- E4260 Portable reamers and building up equipment
- E4130 Precision and roller brushes
- E4220 Protective nets
- E4350 Sand-blasting equipment
- E4380 Signaling equipment and protective barriers for work sites
- E4230 Steam generators, hot water boilers, site heaters
- E4340 Temporary housing and offices for building sites, construction and other vehicles
- E4390 Welding accessories
- E4240 Welding units
- E4140 Wheelbarrows
- E4120 Work site quarters and containers
- E4370 Work-site safety equipment, electrical protection and monitoring equipment
- ICEA** E4430 Accessories for work site tools and equipment
- E4440 **INDIVIDUAL PROTECTIVE EQUIPMENT**
- E4460 Breathing protection
- E4470 Eye protection
- E4450 Hearing protection
- E4480 Safety clothing

5.2 POWER GENERATION AND TRANSMISSION, GENERATORS FOR CIVIL ENGINEERING EQUIPMENT, PRODUCTION OF CONSTRUCTION MATERIALS AND SITE VEHICLES

- ICEA** E4570 Air compressors
- ICEA** E4650 Axles
- ICEA** E4510 Batteries for construction machinery and site vehicles
- ICEA** E4660 Brakes
- ICEA** E4610 Clutches
- ICEA** E4710 Control systems (other)
- ICEA** E4540 Controls, remote controls, radio controls, infrared remote controls
- ICEA** E4500 Coupling
- ICEA** E4580 Electric compressors
- ICEA** E4730 Frequency changers and voltage transformers
- ICEA** E4620 Gears
- ICEA** E4590 Heat compressors
- ICEA** E4630 Hydraulic assemblies
- ICEA** E4550 Hydraulic control and adjustment components: valves, control units, measurement, control and adjustment equipment, hydraulic jacks
- ICEA** E4560 Hydraulic transmission components: pumps, motors, cylinders, hydrostatic transmissions and hydraulic transmission units, pressure switches, transmitters.
- ICEA** E4600 Live rings
- ICEA** E4690 Measuring and control devices for construction equipment and hydrostatic drives
- ICEA** E4680 Mobile power supply units
- ICEA** E4640 Pneumatic drives, controls and settings (techniques): compressed-air motors, cylinders, valves and pneumatic control devices
- ICEA** E4700 Rolling and sliding ball bearings
- ICEA** E4670 Stationary power supply units
- ICEA** E4530 Steering elements
- ICEA** E4520 Transmissions
- ICEA** E4720 Transmissions, cardan drive shafts
- ICEA** E4740 **ENGINES**
- ICEA** E4790 Compressed-air motors
- ICEA** E4760 Diesel engines
- ICEA** E4770 Electric motors
- ICEA** E4750 Gasoline-powered engines
- ICEA** E4780 Hydraulic motors

5.3 PLANT, FITTINGS AND WEAR PARTS FOR CIVIL ENGINEERING EQUIPMENT, CONSTRUCTION MATERIALS, SITE VEHICLES AND SPECIAL SITE EQUIPMENT

ICEA	E4810	EQUIPMENT, ACCESSORIES AND WORKING PARTS (WEAR AND TEAR) FOR MATERIALS PREPARATION AND PROCESSING EQUIPMENT
ICEA	E4890	Dredge hoses
ICEA	E4850	Liners for crushers and grinders
ICEA	E4840	Loading ramps
ICEA	E4820	Mud filters
ICEA	E4880	Pipes and hoses for concrete pumps
ICEA	E4870	Screening sheets
ICEA	E4830	Sieve inserts
ICEA	E4860	Wear-resistant liners
ICEA	E4900	ACCESSORIES AND WORKING PARTS (WEAR AND TEAR) FOR ALL SITE EQUIPMENT
ICEA	E5060	Air filters
ICEA	E4930	Anti-underrun (systems)
ICEA	E5240	Anti-vibration parts, elastic suspension
ICEA	E5210	Bolted shoes for rubber tracks
ICEA	E5100	Brake and clutch plates and liners
ICEA	E5250	Breaking out crowbars
ICEA	E5070	Catalytic particle filters
ICEA	E4950	Concrete grinding mills
ICEA	E5020	Coupling hooks
ICEA	E5110	Crane buckets, shovels
ICEA	E4970	Crawlers
ICEA	E5150	Custom-made steel profile
ICEA	E5080	Engine and hydraulic filters
ICEA	E5130	Engraving for construction equipment and site vehicles (systems for)
ICEA	E5160	Fire protection equipment
ICEA	E5290	Fittings for pneumatic and hydraulic tools
ICEA	E5120	Grabs
ICEA	E5190	Hydraulic tools
ICEA	E5140	Immobilizing safety systems for diesel engine vehicles
ICEA	E5270	Limit switches (various actuator types)
ICEA	E5090	Milling cutters
ICEA	E5050	Pneumatic and hydraulic winders
ICEA	E5200	Pneumatic tools
ICEA	E5230	Polyurethane track shoes
ICEA	E4940	Rapid fastening systems
ICEA	E5180	Rock breakers and rock drills
ICEA	E5010	Ropes, pulleys, rollers, chains, etc.
ICEA	E5000	Rotary manifold
ICEA	E5220	Rubber track shoes
ICEA	E4920	Safety fittings for reversing operations
ICEA	E5170	Sealants
ICEA	E4990	Shears
ICEA	E5260	Special tires and wheel rims for construction machines
ICEA	E5040	Spring-loaded, motorized and electric line winders, grounding
ICEA	E5030	Teeth and cutting edges
ICEA	E4960	Tire and skid-resistant chains
ICEA	E4980	Tracks for tyres
ICEA	E4910	Vehicle door fittings
ICEA	E5280	Vulcanization (machinery and materials)
ICEA	E5300	DRIVER'S CAB EQUIPMENT
ICEA	E5360	Air conditioning units
ICEA	E5320	Aluminium-framed window for construction vehicle cabs
ICEA	E5310	Burglar-proof systems
ICEA	E5330	Cabs
ICEA	E5380	Drivers' seats

ICEA	E5370	Handling devices for monitoring stations
ICEA	E5350	Heaters
ICEA	E5390	Monitoring station control panels
ICEA	E5340	Seat belts
ICEA	E5400	EQUIPMENT, FITTINGS AND WEAR PARTS FOR SPECIALISED SITES EQUIPMENT
ICEA	E5430	Bag filters
